PRESTIGE GALA

Eine opulente Vase, eingerahmt von goldenen Acanthusblättern, filigranen barocken Ornamenten und zwei imposanten Löwen – der neue und mit einem besonders hohen Anteil an Gold und Platin veredelte Dekor Prestige Gala von Rosenthal meets Versace setzt in schwarz und türkis markante wie auch elegante Akzente bei Tisch und wurde inspiriert vom ikonenhaften Design des Versace Seidentuchs „Le Vase Baroque“. Besonders Prestige Gala Le Bleu unterstreicht mit seiner intensiv türkisen Farbgebung die trendsetzenden wie prestigeträchtigen Anklänge an die neuesten Modekollektionen des Hauses Versace. Die Bezeichnung Prestige verweist unterdessen auf die gleichnamige Glas-Kollektion, deren opulente Formen die Serie Medusa Gala stilvoll komplettieren.

An opulent vase framed by golden acanthus leaves, delicate baroque ornamental elements and two imposing lions – the new Prestige Gala design from Rosenthal meets Versace featuring a particularly high proportion of gold and platinum embellishments brings both striking and elegant highlights in black and turquoise to the table and was inspired by the iconic design of the Versace silk cloth “Le Vase Baroque”. With its bright-turquoise colouring, Prestige Gala Le Bleu in particular brings out the trend-setting and prestigious similarities with the latest Versace fashion collections while the name Prestige refers to the glass collection by the same name, whose opulent shapes make for a stylish finishing touch to the Medusa Gala series.

L'importanza del vaso, incorniciato da preziose foglie d'acanto d'oro, delicati elementi ornamentali barocchi e due imponenti leoni: la nuova collezione Prestige Gala disegnata da Rosenthal meets Versace, con una percentuale particolarmente elevata di ornamenti in oro e platino, porta in tavola le suggestive ed eleganti nuance nero e turchese, ispirate dall'iconiche stampe dei tessuti in seta “Le Vase Baroque” di Versace. Se il brillante color turchese di Prestige Gala Le Bleu mette in particolar evidenza le tendenze e le similitudini condivise con le ultime prestigiose collezioni moda della Maison, il nome “Prestige” si riferisce invece all'omonima collezione di bicchieri Versace, la cui ricchezza delle forme offre un tocco di eleganza alla mise en place “Medusa Gala”.

MEDUSA GALA

MEDUSA GALA GOLD

»Medusa Gala« aus der Rosenthal meets Versace Kollektion ergänzt den glamourösen Versace Lifestyle um eine luxuriöse und reich verzierte Geschirrserie. Inspiriert von der Atmosphäre opulenter Dinner-Partys greift der Dekor die traditionellen Motive von Versace, das ikonenhafte Medusenhaupt und filigrane Barock-Ornamente, auf und erschafft durch einen spannungsreichen Kontrast von Weiß und Gold ein zeitgemäßes Tischarrangement. Noch luxuriöser präsentiert sich die mit vollflächigen Goldfahnen und -rändern verzierte Linie »Medusa Gala Gold«.

»Medusa Gala« from the Rosenthal meets Versace collection is a new luxurious and elaborately decorated tableware range that complements the glamorous Versace Lifestyle line. Inspired by the ambience of opulent dinner parties, the design replicates the traditional Versace motifs – the iconic Medusa head and intricate Baroque ornaments – and adds an exciting contrast of white and gold to create a contemporary table arrangement. The »Medusa Gala Gold« line, adorned with a full-faced gold plume and ribbon motif, is even more luxurious.

Raffinatezza e lusso, la nuova collezione tavola Medusa Gala arricchisce la proposta glamour di Versace. Ispirata alla ricchezza e alla singolare atmosfera delle cene di gala, Medusa Gala reinterpreta nel design e nel decoro i tradizionali motivi Versace: all'iconica raffigurazione della Medusa si alternano ricercati ornamenti barocchi in una preziosa filigrana oro. Un entusiasmante effetto di contrasti tra il candore della porcellana e l'oro puro dà vita a una perfetta mise en place, moderna e al tempo stesso singolare. Arricchita di motivi e decori interamente in oro, Medusa Gala si presenta in una versione "Gold" ancora più lussuosa, perfetta per integrare e impreziosire ulteriormente la tavola.

MÉDAILLON MÉANDRE D'OR

Klassische Eleganz mit frischer, kühler Ausstrahlung wird vom Atelier Versace durch die hochwertige und raffinierte Kombination von Weiß und Gold zum Ausdruck gebracht. Das Haupt der Medusa aus Biskuitporzellan, umrandet von filigranen Mäanderbändern aus Gold, bringt den einzigartigen Charakter dieser klaren, aber vielsagenden Kollektion zur Geltung.

Classic elegance with fresh, understated charm are expressed in the precious sophistication of white and gold, designed by Versace. The head of the Medusa in biscuit, delicately framed by a meandering band of gold, shows off the unique spirit of this simple and yet impressive composition to its best advantage.

Un'eleganza classica dal fascino fresco e sobrio si esprime -attraverso la preziosa e raffinata combinazione di bianco e oro, ideata dalla Maison Versace. La testa della Medusa in porcellana biscotto contornata da delicati meandri in oro evidenzia lo spirito unico di questa collezione essenziale ma emblematica.

ICONIC HEROES

Antike Motive und Mythen, für die das Haus Versace immer schon ein besonderes Faible hatte, spiegeln sich auch in der Kollektion »Iconic Heroes« von Rosenthal meets Versace wider: Ein ikonenhaftes Medusenhaupt beherrscht das Zentrum des Dekors, umringt von Helden der griechischen Antike auf einem prächtigen orangeroten Hintergrund. Stärke und Macht verschmelzen in dem Dekor, der auf die griechische Mythologie und die antike Bildhauerkunst verweist. Neben den filigranen Akanthusblattmotiven, die typisch für das Barocco-Dekor sind, lässt die Kollektion »Iconic Heroes« mit Eleganz und Raffinesse ein faszinierendes, längst vergangenes Zeitalter aufleben. Diese Porzellanserie von Rosenthal meets Versace ist eine Hommage an die historischen Wurzeln Süditaliens. In der Antike gehörte dieses Land zu den griechischen Kolonien und blickt auf eine große Geschichte zurück, in der die Legenden glorreicher Helden widerhallen.

The »Iconic Heroes« collection by Rosenthal meets Versace mirrors the ancient motifs and myths, for which the Versace company has always had a special predilection: An iconic Medusa head dominates the centre of the décor and is encircled by heroes of Greek antiquity on a magnificent orange-red background. Strength and power merge here on the décor, which draws upon Greek mythology and ancient sculptural art. In addition to the delicate Acanthus leaf motifs that are so typical of the Barocco décor, the »Iconic Heroes« Collection elegantly and sophisticatedly allows the revival of a long forgotten era. The porcelain series by Rosenthal meets Versace pays homage to the historical roots of southern Italy. In the ancient world this country was one of the Greek colonies and looks back on a great history, in which the legends of glorious heroes reverberate.

La collezione »Iconic Heroes« di Rosenthal meets Versace evoca miti e motivi ancestrali, per i quali la Maison Versace ha sempre mostrato un gusto speciale: un'iconica testa di Medusa domina il centro del decoro ed è circondata da eroi dell'antica Grecia su un brillante sfondo arancionerosso. Forza e potenza si fondono nel decoro traendo ispirazione dalla mitologia greca e dall'antica arte scultorea dell'epoca. Il decoro è valorizzato ulteriormente dal delicato motivo della foglia di Acanto, tipico del decoro Barocco. La collezione »Iconic Heroes« propone una rivisitazione sofisticata ed elegante di un'era a lungo dimenticata. Le collezioni di porcellane Rosenthal meets Versace rendono omaggio alle storiche radici dell'Italia mediterranea, all'epoca colonia greca, ripercorrendo la sua storia in cui riecheggiano le leggende di gloriosi eroi.

SIGNATURE

Die Kollektion »Signature«, 1991 von Gianni Versace entworfen, gilt als Meilenstein in der Geschichte des Modehauses. Das ikonenhafte Medusenhaupt, dessen Oberfläche in warmen Gold-Metallic-Tönen schimmert, zählt zu den prägnantesten Symbolen von Versace. Wiederaufgelegt bei der Frühjahr/Sommer Fashion Show in Mailand, wird Signature nun auch als exklusive Vasen- und Schalen-Kollektion für Rosenthal meets Versace umgesetzt. Glamourös und edel übertragen die Vasen und Schalen die angesagten Metalltöne der neuesten Modetrends auf Porzellan. Die Botschaft ist überzeugend und klar: very Versace.

The Signature collection, launched by Gianni Versace in 1991, is known as a defining moment in the history of the house. Its emblematic symbol, featuring the warm gold iconic metal details, has become one of the most recognizable themes of Versace. Re-launched during the last Women's Spring-Summer 2013 Fashion Show in Milan, the Signature theme has also been applied to an exclusive vases and dishes collection of Rosenthal meets Versace. Glamorous yet very refined the new Signature vases and dishes present a metal touch that clearly refers to the latest fashion collections. The message is powerful and direct: very Versace.

VANITAS

Die »Vanitas«-Kollektion von Rosenthal meets Versace besteht aus einer Reihe von Vasen und Schalen, die in weißem oder schwarzem Porzellan erhältlich sind. Jede Vase wird von 187 goldenen Nieten geschmückt, auf den Schalen sind es 126 goldene Nieten. Ursprünglich bezeichnete das Modehaus mit diesem Begriff eine besondere Art der opulenten Stoffverzierung und Dekoration. Schließlich schmückte er als Name eine Reihe von Produkten wie Bücher, Stühle, Handtaschen und ein Parfüm. Als Designvorlage für die Vasen und Schalen diente das ikonische Muster der Vanitas-Handtaschen, so dass die Mode von Versace und die neuen Objekte aus Porzellan eine enge Verbindung eingehen.

The »Vanitas« collection of Rosenthal meets Versace is made up of a series of vases and bowls in white or black. Each vase is decorated with 187 golden studs, each bowl with 126 golden studs. Originally used by the Maison to describe a specific type of rich embroidery and embellishment, it became a name used to denominate products such as a series of books, chairs, handbags, and a fragrance. The iconic pattern of the Vanitas bags was used as a template for the design of the vases and bowls, thus creating a close connection between Versace fashion and the new porcelain pieces.

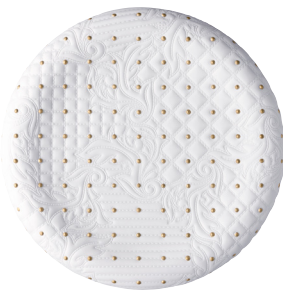

La collezione »Vanitas« di Rosenthal meets Versace è composta da una preziosa serie di vasi e coppe proposte nel bianco candido o nella versione total black della porcellana Rosenthal. Ogni articolo è decorato con una moltitudine di borchie dorate, 187 nei vasi e 126 nelle coppe. Originariamente utilizzato dalla Maison per descrivere un particolare tipo di ricamo e ornamento, Vanitas è presto diventato un termine per denominare libri, sedie, borse e una sofisticata fragranza. Il motivo iconico tratto dalla collezione di borse Vanitas è divenuto il design stesso di vasi e coppe, rafforzando il legame tra la sartorialità della moda Versace e i nuovi articoli in porcellana.

ASIAN DREAM

»Asian Dream« ist die neue exklusive Kollektion von Rosenthal meets Versace. Ein roter Drache, die legendärste aller Figuren der asiatischen Mythologie, thront majestätisch im Zentrum des Platztellers, von wo aus er seine ganze Pracht und Herrlichkeit ausstrahlt. Den Hintergrund bilden opulente Barockmuster in Gold sowie vier kleine Medaillons, die abwechselnd die Sonne und das Medusenhaupt von Versace darstellen. Eingerahmt wird die Szenerie in kräftigem Rot. Versace hat in der Vergangenheit bereits mehrfach seine Anerkennung für die Traditionen Asiens zum Ausdruck gebracht, wie zuletzt in den Atelier- und Prêt-à-Porter-Kollektionen.

»Asian Dream« is the new exclusive collection by Rosenthal meets Versace. A red dragon, the most legendary figure of Asian mythology, rises majestically in the middle of the service plate, conveying all his might and glory. Opulent golden baroque patterns and four small medallions representing the sun and the Versace Medusa decorate the background, while a red frame borders the plate. Versace has paid tribute to Asia and its traditions in the past. Most recently in its Atelier and Prêt à Porter collections.

»Asian Dream« sono le nuove esclusive collezioni di Rosenthal meets Versace, realizzate in onore dell'anno del Drago. Quest'ultimo, simbolo di potenza, vitalità, successo e fortuna nella cultura orientale, diventa protagonista dei complementi da tavola e degli articoli da regalo della Maison. Cultura, arte, miti e leggende permeano l'atmosfera delle nuove serie da tavola in porcellana. La forte ispirazione all'arte tradizionale cinese, già celebrata nelle collezioni Atelier e Prêt à Porter Versace, è ben evidente nei pattern e nei colori.

LE GRAND DIVERTISSEMENT

Die neue Kollektion beschwört die sagenhaften, prächtigen Feste am Hof des französischen Königs Ludwig XIV herauf und erinnert an den ersten prunkvollen Ball, der abgehalten wurde, um Versailles als offiziellen Palast der königlichen Familie einzuweihen. Überwältigende Freude und Ausgelassenheit, die einer Zeit würdig sind, die mit ihrer glamourösen, bezaubernden Lebensart die Kunst der Unterhaltung in der Geschichte gefördert hat. Das neue Dekor mit dem Motiv »Le Grand Divertissement«, Versaces typischem Arabesque-Design, wird in blauvioioletten Tönen auf dem schneeweißen Grund des Rosenthal-Porzellans vorgestellt. Kunstvolle Kontraste und kostbare goldene Akzente bringen die äußerst raffinierten Details eines Service zur Geltung, das guten Geschmack auf jeden Tisch bringt.

The new collection evokes the legendary banquets held at the court of Louis XIV and harks back to the first sumptuous ball held to celebrate Versailles as the official residence of the French royal family. It is a symbol of overwhelming joy and euphoria worthy of an era that, with its lavish lifestyle, promoted entertainment in historic times. The new »Le Grand Divertissement« decorative motif, Versace's signature arabesque leaf design, is proposed in periwinkle blue on an immaculate Rosenthal porcelain background. Refined contrasts and precious golden accents underline the highly refined details of a dinner service set to bring good taste to the table.

La nuova collezione evoca le leggendarie feste sfarzose della corte francese di Luigi XIV e rimanda al primo sontuoso ballo tenuto per celebrare Versailles quale Palazzo ufficiale della Famiglia Reale. Gioia travolgente ed euforia degne di un periodo che, con il suo stile di vita affascinante ed incantevole, ha promosso l'entertainment nella storia. Il nuovo motivo decorativo »Le Grand Divertissement«, il design arabesque a foglia tipico di Versace, viene proposto nelle nuance color pervinca sul fondo immacolato della porcellana Rosenthal. Ricercati contrasti e preziosi accenti oro sottolineano i dettagli estremamente raffini nati di un servizio pronto a portare in tavola il buon gusto.

LES RÊVES BYZANTINS

»Les Rêves Byzantins« ist Ausdruck der Wiederentdeckung einer exotischen orientalischen Atmosphäre, in der die klassischen barocken Motive des Ateliers Versace mit den Symbolen nahöstlicher Kunst, wie dem Halbmond, verschmelzen. Das von Donatella Versace entworfene Dekor entführt uns nach Istanbul, dem antiken Byzanz, als Tor zwischen Orient und Okzident, und lässt uns gleichzeitig von der sagenumwobenen Welt aus Tausendundeine Nacht träumen. Das kräftige Rosa betont den femininen Charakter und die positive Ausstrahlung des Services, die durch die reiche Fülle an Geflechten, Halbmonden und goldenen Grafiken noch stärker zur Geltung kommt.

»Les Rêves Byzantins« is a rediscovery of oriental and exotic atmospheres wherein the brand's signature baroque motifs are joined with symbols of Middle Eastern art, such as the crescent: the decoration designed by Donatella Versace looks to Istanbul, ancient Byzantium, as a bridge between East and West and at the same time alludes to the magical world of Arabian Nights. The decisive use of pink heightens the femininity and positive feel of the service, which is further accentuated by the profusion of golden lattices, crescents and graphic details.

»Les Rêves Byzantins« è una riscoperta di atmosfere orientali e esotiche dove classici motivi barocchi propri della Maison si uniscono a simboli dell'arte mediorientale, come la mezzaluna: il decoro ideato da Donatella Versace guarda ad Istanbul, l'antica Bisanzio, come porta di unione fra Oriente e Occidente e allo stesso tempo strizza l'occhio al magico mondo di "Le Mille e Una Notte". L'uso deciso del colore rosa esalta la femminilità e la positività del servizio, che viene ancor più accentuata dalla profusione di reticolati, mezzalune e grafismi dorati.

NYMPH

Inspiriert von den aktuellen Kollektionen des Modehauses Versace präsentiert sich die exklusive Vasenkollektion Nymph in neuen glamourösen Farben. Der spielerische Kontrast zwischen bauchigen und schlanken Formen wird durch einen Wechsel aus schimmerndem Gold, puristischem Weiß und den Trendfarben Petrolblau, Rot, Taupe, Türkis und Dunkelgrün besonders hervorgehoben. Alle Vasen ziert das ikonenhafte Medusenhaupt, das zu den charakteristischsten Symbolen von Versace gehört. Die Kollektion ist weltweit auf 49 Stück pro Vase limitiert.

Inspired by the latest collections from the Versace fashion house, the exclusive Nymph vase collection features a range of new glamorous colours. The playful contrast between bulbous and streamlined surfaces is particularly emphasised by the interplay of shimmering gold, pure white and the trendy colours of petrol blue, red, taupe, turquoise and dark green. All vases are decorated with the iconic head of Medusa, one of the characteristic symbols of Versace. The collection is limited to 49 items per vase worldwide.

Ispirato alle ultime collezioni moda Versace, l'esclusiva linea di vasi Nymph si veste di colori nuovi e glamour, Blu petrolio, rosso, grigio, turchese e verde scuro: queste sofisticate nuances unite alla brillantezza dell'oro e alla purezza del bianco enfatizzano il contrasto tra superfici arrotondate e affusolate. Su ogni vaso spicca l'iconica testa di Medusa, simbolo della Maison. In edizione limitata di soli 49 pezzi per tipo, i nuovi vasi Nymph sono disponibili in tutto il mondo.

ARABESQUE GOLD

Eine exklusive Welt entsteht, in der die Opulenz des Barock anklingt. Rankende Akanthusblätter in vier verschiedenen Goldtönen scheinen auf dem feinen weißen Porzellan Fangen zu spielen. »Arabesque Gold« ziert die Versace-Tafel mit klassischer Eleganz und Raffinesse.

An exclusive world reminiscent of the glories of the Baroque era is born. Branches of acanthus leaves in four different shades of gold decorate the delicate white porcelain. »Arabesque Gold« adds a classic, refined elegance to the Versace table.

Nasce un mondo esclusivo che riecheggia i fasti dell'epoca barocca. I tralci di foglia d'acanto, in quattro tonalità di oro diverse, sembrano rincorrersi sulla delicata porcellana bianca. »Arabesque Gold« arricchisce di eleganza classica e raffinatezza la tavola Versace.

MARCO POLO

Einer der größten kreativen Erfolge des Ateliers Versace lebt in dieser neuen Interpretation wieder auf und bringt einen frischen Hauch von „Fusion“ auf den Tisch. Man verspürt den Wunsch, sich in dieser fesselnden Reise auf der Seidenstraße zu verlieren. Magische Szenarien, in denen Paradiesvögel, Kamele und Pfauen inmitten wertvoller Stoffe leben, die an Samt und Seide erinnern – das sind die Motive der Kollektion »Marco Polo«, die mit den Farben Jadegrün und Orange und warmen Goldtupfern die Eleganz von Linien und Formen zur Geltung bringen und eine ganz besondere Atmosphäre zaubern.

One of Versace's biggest creative successes lives on in this new interpretation, introducing a fresh „fusion“ touch to the table and igniting a desire to lose oneself in this fascinating journey on the Silk Road. The »Marco Polo« collection features magical scenes in which birds of paradise, camels and peacocks live amongst precious textures reminiscent of silk and velvet, suggesting rarefied atmospheres of jade green and orange with warm gold touches to highlight the elegant lines and shapes.

Uno dei maggiori successi creativi della Maison Versace rivive in questa nuova interpretazione, introducendo un fresco tocco „fusion“ sulla tavola ed accendendo il desiderio di smarrirsi in questo affascinante viaggio sulla via della seta. La collezione »Marco Polo« propone magici scenari in cui uccelli del paradiso, cammelli e pavoni vivono in mezzo a texture preziose che evocano sete e velluti, suggerendo rarefatte atmosfere dai colori verde giada ed arancio con caldi tocchi di oro che sottolineano l'eleganza di linee e forme.

INFINITE DREAMS

Die neue Weihnachtskollektion „Infinite Dreams“ erinnert auf den ersten Blick an den unendlichen Sternenhimmel. Im Zentrum prangt das charakteristische Medusenhaupt. Das dunkle Blau des Nachthimmels harmoniert mit dem luxuriös schimmernden Gold sowie dem plastisch wirkenden Mäanderband und lässt eine Kollektion entstehen, die die Kraft von Versace perfekt symbolisiert.

The Infinite Dreams of Christmas are captured in this new collection that reminds to superheroes.

With a gold shimmering Medusa at the centre surrounded by celestial bodies, gold is set against the dark blue of the night, with a greek key border. The new line symbolises the power of Versace.

“Infinite Dreams” è la nuova collezione per il Natale Versace ispirata ai supereroi. Elementi celesti circondano la Medusa in oro brillante. Stelle dorate si stagliano nel blu scuro della notte, mentre il motivo a Greca fa da cornice. La nuova linea trasmette l'eleganza e la forza della maison Versace.

BAROCK CHRISTMAS

Rebellisch und doch glamourös zeigt sich die neue Weihnachtskollektion »Barock Christmas«: Opulente Goldverzierungen treffen auf die traditionellen Weihnachtsfarben Rot, Blau und Purpur. Ein reizvolles Wechselspiel aus leuchtenden Sternen, Stechpalmenzweigen und roten Schleifen steht in einem schönen Kontrast zu den barocken Motiven und kreiert ein glanzvolles und doch unangepasstes Weihnachtsservice ganz im Stil des Rock`n`Roll.

The new »Barock Christmas« festive collection is rebellious but glamorous: opulent gold decorations feature alongside traditional Christmas colours of red, blue and purple. A captivating interplay of shining stars, holly sprigs and red bows brings a wonderful contrast to the Baroque motifs and creates a sparkling yet non-conformist Christmas service with a real rock 'n' roll edge.

Glamour e ribelle – così si propone la nuova collezione per il Natale »Barock Christmas«: opulenti decori in oro sposano i tradizionali colori natalizi, rosso, blu e porpora. Stelle luccicanti, rami di agrifoglio e fiocchi rossi si alternano in un gradevole contrasto ai motivi barocchi, per un servizio non convenzionale e in stile Rock`n`Roll.
